## FOREWORD

Our children and young people are faced daily with enormous temptation to get involved in sexual activities even before they know what it is.

Equipping them EARLY with age-appropriate, culturally relevant, scientifically accurate and spiritually edifying Sex Education (**Wholesome Sex Education**):

- *helps to empower them to take responsibility for their own health,*
- *prevents them from being victims to Sexual predators and*
- *helps them escape the consequences of premature sexual activities such as sexually transmitted infections, including HIV/AIDS, teenage pregnancy, teenage parenthood, abortion and its complications, genital cancers, and death.*

The Scripture instructed that parents should TRAIN their children in the way they SHOULD go and when the children grow up, the instructions will not depart from them. Proverbs 22:6

However, it has been noted, sadly, that most parents, teachers and advocates do not really know the ‘THE WAY THESE CHILDREN SHOULD GO’ let alone training them in the same.

Some others who know what to do miss the correct approach and timing.

We have two choices; to fold our arms and watch things run its degenerating course or get involved to change the tide.

Wholesome Sex Education for Children and Adolescents Training is our response to this very important and difficult to ignore issue.

A little CONSISTENT drop can make an ocean. It is better to do something that will positively impact than do nothing at all.

It is this passion that gave birth to the mandate to start involving and collaborating with parents, teachers and advocates by training them on how to teach Wholesome Sex Education.

We have taken it upon ourselves to provide the missing link and bridge the gap; to raise sexually informed children and Adolescents who will be able to take responsibility for their sexual health and identify a sexual predator, including paedophiles, and quickly expose them before they cause havoc.

We have taught the content of this manual to thousands of people in various places and virtually.

This content is also available on our e-learning portal where you will be able to get certified after completing the course.

All these you get for FREE. This is to allow everyone full access without any form of limitation.

Promoters of sexually immoral contents make it available for FREE, we feel we cannot do less. We rather need to come together to saturate the world space, including the internet, with sexually pure contents.

This is what we have brought to the table at CASRHA Foundation.

Our goal is that No Child or Young Person who Crosses our Path will Fall Victim to Sexual Immoralities.

If we can equip them to win the battle of sex, we would have helped them to win the battle of life.

We also accept invitations to teach in religious organizations, campuses, and in stakeholders' gatherings. You can reach out to us using this link, <https://wa.me/2348150989646>, or send me an email, [dr.bjseyi@casrhafoundation.org](mailto:dr.bjseyi@casrhafoundation.org)

# Overview of the Wholesome Sex Education Training

You are welcome!

## Main Training Objective:

At the end of this course, you would have learnt in practical terms *“How to teach age-appropriate, culturally relevant, scientifically accurate and spiritually edifying sex education”*.

## Course Overview:

The certificate course is made up of six (6) Modules.

**Module 1** is introductory as it unveils some scientific facts regarding the burden of sexually transmitted infections, adolescent pregnancy and abortion, etcetera.

**Module 2** explores the content of comprehensive sex education (CSE) and brings to fore the advantage of Wholesome Sex Education over the CSE.

**Module 3** is set to equip the learner with requisite elements needed to effectively and efficiently teach Wholesome Sex Education.

**Module 4** deals with the right approach to age – and gender – appropriate sex education, including sex education for vulnerable children and adolescents.

**Module 5** exposes the problems and challenges with puberty and teaches how you can help adolescents navigate this beautiful period of their lives without injuries; it also addresses the problem of pornography, masturbation and feelings of guilt.

**Module 6** is the concluding session that summarises the content of the training with passionate appeal to the trained participants to get on the field with SMART goals despite any limitation.

## Module 3: Becoming an Effective and Efficient Teacher of Wholesome Sex Education

This document contains the third of the six (6) modules.

**At the end of this module, you should have learnt how to:**

- *Build your relevance*
- *Recognize your influence*
- *Seize every opportunity to reach out to children and adolescents with wholesome sex education*

### Becoming an Effective and an Efficient Teacher of Wholesome Sex Education

#### 3.1. Build Your Relevance:

- To be a relevant parent or teacher to a child means to be a source of guidance and support that is genuinely helpful, meaningful, and effective for that child's specific needs and stage of development.
- It's about being more than just an authority figure but a real partner in their growth.
- This is not usually easy but very rewarding when you get yourself properly positioned in your child's life.
- The starting point is for you to allow the Holy Spirit to first work on you, to build you into relevance.

- Jude 1:20 says, *“Dear friends, use your most holy faith to grow. Pray with the Holy Spirit’s help”* (God’s Word Translation)
- Secondly, make efforts to keep yourself **UP TO DATE** on sex – related issues.
- Children and young people are very quick to recognize the presence or the absence of knowledge.
- To be relevant to them, you must be knowledgeable.
- 2Timothy 2:15 *admonishes us to do our homework well so that we can rightly dish out the Word of Truth.*
- If you are an outdated parent or teacher, you will lose relevance, it is a matter of time.
- To be relevant as a sexual purity crusader, you should equip yourself with Scriptural principles for purity first. Embrace it for your own life, then learn how to teach it. Refer to Module 2 of this training, in case you missed out on it.
- You should learn how to teach a 2-year-old, a 4-year-old, a 9-year-old, a 15-year-old, etcetera sex education at each of their level
- Each of these sets of children requires different level of exposure to sex education, your **ABILITY** to teach them what they **NEED** to know at their ages is what defines your **RELEVANCE**.
- It doesn’t matter how much you know, children learn better when you simplify things for them.

- Thirdly, make yourself attractive, with an ALWAYS smiling face, a never-hot temper, and a pair of large ears that can listen.
- Children learn better from someone they consider friendly. So, first make yourself a friend before you start teaching, otherwise, they won't even listen to you.
- Make up your mind that you will be there for them even when they are not impressing you.
- Don't just celebrate their successes, be compassionate and show empathy with their mistakes.
- Don't ever let a child feels unwanted or useless around you. Always welcome them.
- Be like Jesus Christ, He said, 'Let the children come to Me'.
- To remain FOREVER relevant, stay ahead of your smartest child or student.
- If there is something they know that you don't know, ask them to teach you. This will make them feel important and get closer to you.
- The moment you stop growing or developing, you will start losing relevance before them.
- Finally, bring yourself to the level of each child, and then grow with them.
- Make their growth process a shared journey where you stand alongside as a dependable, friendly and loving partner.

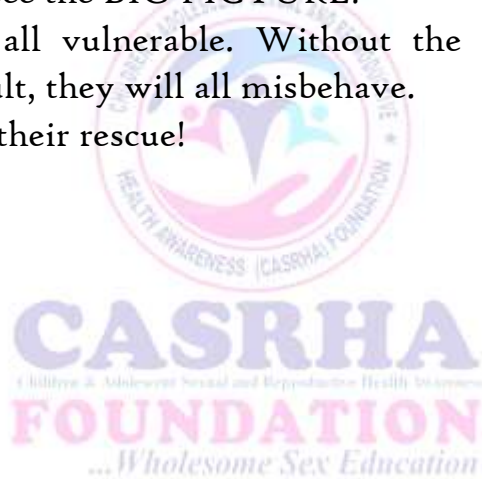

- A crusader that will be relevant **MUST** know what interests a child/adolescent per time.
- You need to get involved in what interests them.
- If they love playing football or video games, don't stop them; rather, go meet them there, be friend with them, get involved.
- The moment you notice they now feel relaxed with you, begin to dish out your message to them.
- That's how to be relevant to them.
- If you tried to stop them from doing what they are interested in, they will develop hatred for you and will start avoiding you.
- **Ecclesiastes 12:9, “Not only was the Teacher wise, but he also taught the people knowledge; he PONDERED, SEARCHED OUT, and ARRANGED many proverbs” (Berean Study Bible)**

### 3.2. See the Big Picture:

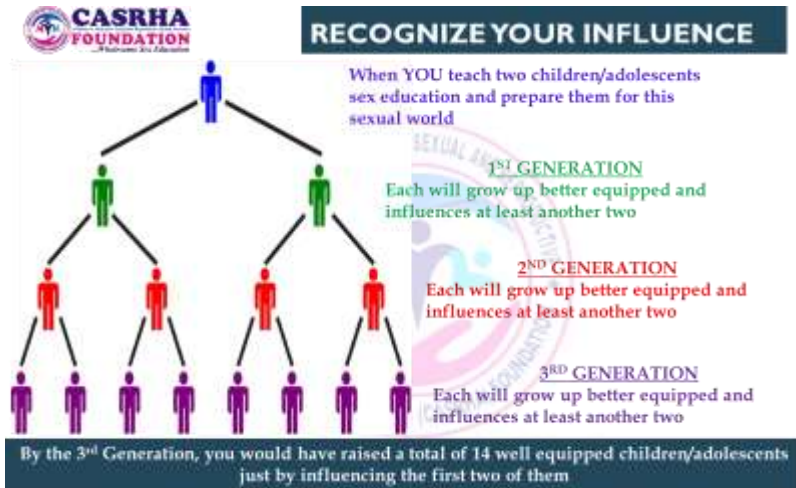

- Some children/adolescents are naturally reserved; this does not mean that they don't know anything. This may also mean that they are covering up experiences of abuse, molestation or bullying. Get close, offer help like a friend that you are.
- Others are very open and outgoing; the mistake is that you are more likely to focus on these ones.
- Some children/adolescents have very wealthy parents with intimidating exposure; do not assume they don't need sex education – See the BIG PICTURE!
- Our world has become a sexual one – ***Everything in the space speaks sex and our young people must be properly taught sex education before they gain further exposure.***
- If you do not teach them the right way, they will learn it elsewhere, especially from social media.
- Social media is not considerate. It doesn't know whether your child is a child or not.
- The algorithm will bring everything to them, good and bad.
- The question then is, before your child's exposure to social media, have you taught them how to be safe on it?
- Rather than force them not to use technology, stay with them and guide them through it.
- Like the popular proverb, *it is easier to mould a child than to bend an adult.*

- Do not assume; the knowledge of sexual purity cannot spread by osmosis; it must be taught and imparted.
- No child/adolescent should have a contact with you and still fall victim to sexual immoralities.
- Look into their future; labour and pray for the teens, the adolescents, the young adults and **for the adult they will become.**
- Look beyond the pomposity or the feebleness of some of them and see the BIG PICTURE!
- They are all vulnerable. Without the guidance of a correct adult, they will all misbehave.
- Rise up to their rescue!

### 3.3. Recognize your influence:

- Look at the figure below and try to understand how the influence of a single person can spiral into several generations after them.

#### How do you know you have influence?

1. When the children and young people feel comfortable hanging around you, it means you are influential.
2. When you become a point of reference, that is, they will begin to use you to describe a standard of living and emulate what you say or do, it means you have become a key person (role model) in their lives.
3. When they bring up other issues for discussion different from a current discussion because they were satisfied with

the way you handled the current issue, they will assume you will handle other issues equally well.

4. When parents testify of your influence on their children/wards, it means your impact is being felt by their parents as they become more obedient at home.

5. When they come to you and say, ***“Thank you for teaching me sexual purity, it helped me to overcome my temptation”***, it’s a testament to how much influence you have on them.

- When you recognize that you have influence on them, use that influence to continually impact them positively.

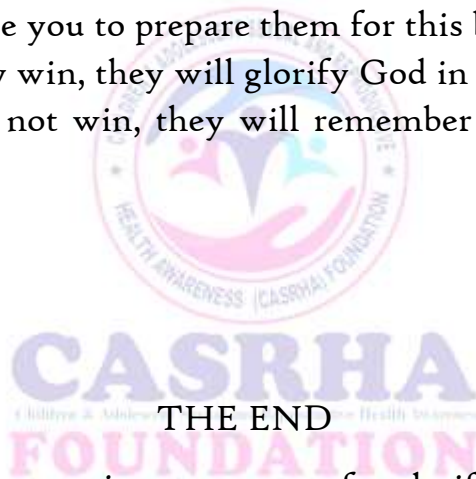

### 3.4. Seize the Opportunity

- Use every opportunity you have, to teach a child and a teenager sexual purity.
- Use your personal testimony; they want to know the benefit of living a sexually pure life through your own testimony.
- Use your regrets as a case study; they want to know the dangers of sexual immoralities.
- Tell them your mistakes and caution them against falling into the same mistake.
- They don't need you to be perfect, they just want you to be sincere with them.
- Start early to teach them to preserve their virginity until they marry.
- Any child that can sing nursery rhymes can learn sexual age-appropriate sex education.
- Start by teaching a 2-year-old to differentiate private parts of the body from their public parts; let them graduate from there gradually. You will find details of this in Module 4.
- Equip a child with sex education two (2) years in advance.
- If they need to know 'Letter C' by age 4 years, start exposing them to it at age 2 years.
- When they eventually turn 4, the moment they see 'Letter C', they will remember you...

- This is how to approach wholesome sex education.
- Do not be discouraged; they may appear not to be paying attention or interested,
- Please continue to faithfully teach and caution them.
- Whenever they are tempted, they will remember what you said... and your words will become their guiding angel
- Use social media.
- The world has become a digital one.
- Don't sit down and wait for your children or young people in the church, go meet them on social media. They are there!
- Engage them, chat with them, let them see your relevance outside the church building also.
- Don't fight them when they are using smart devices, rather collaborate with them.
- If you need to give rules on the use of smartphones, TV, etcetera, don't just dump the rules on them, sit down with them and come up with the rules together.
- Ask their opinion. If you say, '*no smart devices after 7 pm*' and they say, '*please let's make it 9 pm*', compromise with them and agree for 8 pm.
- Ask them for possible punishment for anyone who breaks the rules; let them suggest while you note it down and agree together.

- This will make them take ownership of the rules; they won't see it as 'Daddy or Mummy's rules' but 'Our rules'.
- Do extra by following each child to their home (for teachers), to school (parents), and other areas of their interest.
- Be there for them.
- Remember that if they win the battle of sex, they will win the battle of life.
- Let God use you to prepare them for this battle!
- When they win, they will glorify God in you.
- If they do not win, they will remember that you tried your best!
