FOREWORD

Our children and young people are faced daily with enormous temptation to get involved in sexual activities even before they know what it is.

Equipping them EARLY with age-appropriate, culturally relevant, scientifically accurate and spiritually edifying Sex Education (**Wholesome Sex Education**):

- *helps to empower them to take responsibility for their own health,*
- *prevents them from being victims to Sexual predators and*
- *helps them escape the consequences of premature sexual activities such as sexually transmitted infections, including HIV/AIDS, teenage pregnancy, teenage parenthood, abortion and its complications, genital cancers, and death.*

The Scripture instructed that parents should TRAIN their children in the way they SHOULD go and when the children grow up, the instructions will not depart from them. Proverbs 22:6

However, it has been noted, sadly, that most parents, teachers and advocates do not really know the ‘THE WAY THESE CHILDREN SHOULD GO’ let alone training them in the same.

Some others who know what to do miss the correct approach and timing.

We have two choices; to fold our arms and watch things run its degenerating course or get involved to change the tide.

Wholesome Sex Education for Children and Adolescents Training is our response to this very important and difficult to ignore issue.

A little CONSISTENT drop can make an ocean. It is better to do something that will positively impact than do nothing at all.

It is this passion that gave birth to the mandate to start involving and collaborating with parents, teachers and advocates by training them on how to teach Wholesome Sex Education.

We have taken it upon ourselves to provide the missing link and bridge the gap; to raise sexually informed children and Adolescents who will be able to take responsibility for their sexual health and identify a sexual predator, including paedophiles, and quickly expose them before they cause havoc.

We have taught the content of this manual to thousands of people in various places and virtually.

This content is also available on our e-learning portal where you will be able to get certified after completing the course.

All these you get for FREE. This is to allow everyone full access without any form of limitation.

Promoters of sexually immoral contents make it available for FREE, we feel we cannot do less. We rather need to come together to saturate the world space, including the internet, with sexually pure contents.

This is what we have brought to the table at CASRHA Foundation.

Our goal is that 'No child or young person who crosses our path will fall victim to sexual immoralities.'

If we can equip them to win the battle of sex, we would have helped them to win the battle of life.

We also accept invitations to teach in religious organizations, campuses, and in stakeholders' gatherings. You can reach out to us using this link, <https://wa.me/2348150989646>, or send me an email, dr.bjseyi@casrhafoundation.org

Overview of the Wholesome Sex Education Training

You are welcome!

Main Training Objective:

At the end of this course, you would have learnt in practical terms *“How to teach age-appropriate, culturally relevant, scientifically accurate and spiritually edifying sex education”*.

Course Overview:

The certificate course is made up of six (6) Modules.

Module 1 is introductory as it unveils some scientific facts regarding the burden of sexually transmitted infections, adolescent pregnancy and abortion, etcetera.

Module 2 explores the content of comprehensive sex education (CSE) and brings to fore the advantage of Wholesome Sex Education over the CSE.

Module 3 is set to equip the learner with requisite elements needed to effectively and efficiently teach Wholesome Sex Education.

Module 4 deals with the right approach to age – and gender – appropriate sex education, including sex education for vulnerable children and adolescents.

Module 5 exposes the problems and challenges with puberty and teaches how you can help adolescents navigate this beautiful period of their lives without injuries; it also addresses the problem of pornography, masturbation and feelings of guilt.

Module 6 is the concluding session that summarises the content of the training with passionate appeal to the trained participants to get on the field with SMART goals despite any limitation.

Module 5: Handling Puberty and the Sexual Challenges of Puberty

This document contains the fifth of the six modules of this training.

At the end of this module, you should be able to:

- *Teach young people, male and female, about puberty?*
- *Sensitise children and adolescents about the LGBTQ agenda*
- *Discuss the problem of pornography and masturbation and how to be free from it*
- *Help children and adolescents overcome guilt and condemnation*

Handling Puberty and the Sexual Challenges of Puberty

5.1. What is Puberty?

- *Teach them that puberty is a transition stage of their lives when they stop being a child and gradually become an adult.*
- *Remember that it is better to teach them puberty before they start experiencing it.*
- *It has been sadly noted that many children are experiencing puberty without knowing what is happening. Let us use every opportunity to teach them what puberty is*
- *Many changes that take place in their bodies at puberty can be quite challenging to them or even confusing.*

- Understanding puberty will make them exercise informed control over their sexuality.

5.2 The Male at Puberty

- Let the boys know that they can start seeing the signs of puberty from age 10, though others may not see theirs till they are 14 years or more
- They will usually start growing tall first, this is the earliest sign of puberty.
- Facial hair, hair in their pubic area (around their penis) and armpit, deepening of voice are signs of puberty
- Their muscles and genitals will start getting bigger
- They will have their first ejaculation during puberty; this may be in the form of wet dreams.
- Wet dreams are normal part of a boy's sexual development. It is not demonic.
- However, they may experience intense recurrent wet dreams if they feed on sexually arousing contents like pornography or films with sexual scenes, or romantic novels and magazines or if they stay too intimate with girls.
- This is because their experiences during the day would replay when they are asleep, making them to become sexually arouse and then have a wet dream.
- So, teach them about sexual purity.

- Also, teach them that they could become a father if they have sex with a girl.
- Let the boys know that they will usually feel very attracted to girls during puberty.
- Teach them that this attraction is normal, but they must keep it under control.
- Teach them how to protect girls from sexual exploitation.
- Let them know that girls are special creatures of God and teach them to respect and cherish all girls.
- Let them know that excessive looking at a girl will make them unable to control their feelings and can make them to develop impure thoughts.
- Then, teach them that impure thoughts are sin against God.
- At this point, introduce sexual purity and get them to ask God in faith for a sexually pure heart.

5.3. The Female at Puberty

- Let the girls know that they may start seeing the signs of puberty anytime from age 8; some may not start until they are 12 years or even older.
- You can see that the earlier we give sex education, the better.
- Like it is in boys, puberty in girls also start with growth in height.

- Quickly let them know that because of this growth, their dresses will often get short above their knees; this will expose their laps.
- Let the girls know that their laps are private parts and should not be exposed. Encourage them to cover up at least below the knees.
- Talk to them that they will begin to grow breast during puberty; let them know it is God preparing them to become a mother in the future because the breast is a source of food for their future babies.
- Teach them to keep their breast, including its cleavages well covered because it is one of their private parts.
- Let them know that their breasts, with the cleavages, make them extremely attractive to boys and men; exposing it may make them victims of rape and molestation. Or it may attract wrong people to them.
- Like the boys, the girls too will have pubic and armpit hairs.
- Let them know that it is normal to occasionally have whitish discharges from their vagina during puberty.
- Let them know that if the discharge becomes foul smelling, they need to talk to their Mums or Female teachers about it.
- Tell them about menstruation; that they will start bleeding from their private part for about 3 – 5 days every month.
- Tell them that it may not happen every month initially but as they grow older and more mature, it will become a regular occurrence every month.

- *Very importantly, they should know that they now have the capacity to become pregnant if they allow any boy or man have sexual intercourse with them.*
- *Let the girls know that it is normal to want to hang around boys.*
- *But be quick to caution them against hanging out with boys who are not children of God.*
- *Teach them also not to hang out with boys in secret places or at night; let them know that they can be raped, abused or molested if they do otherwise.*
- *Encourage them to always speak up and speak out whenever they are being threatened by anyone.*
- *Teach the girls about potential sexual predators and the common tactics they use (Creating familiarity, false humility to get their attention, touching of their private parts, carrying them on the laps, asking them to come alone to their house, offering them drink that was not opened in their presence, etcetera).*

5.4. Dealing with Homosexual tendencies

- *Encourage them to celebrate their uniqueness as either a boy or a girl, a male or a female.*
- *Teach them not to make themselves look, dress or act like a girl when God has uniquely created them to be a boy and vice versa.*

- Let them know that God created them to have sexual feeling towards the opposite gender **ONLY** and that this feeling is **NORMAL**.
- When you talk to them this way, they are likely to be free to always hang around you.
- Encourage them that if they notice they are having sexual feelings towards someone of the **SAME** gender with them, it is **NOT** normal, they should talk to you about it.

5.5. The Problem of Pornography and Masturbation

- When you want to talk to anyone about pornography and masturbation, be gentle and compassionate in your approach
- Don't wear your judgmental garment.
- Don't play the blame game. Avoid the Devil's scare too (Avoid using devil or hell fire to scare them).
- They are already under a heavy burden of guilt, don't add to it.
- Help them to remove their burden.
- Galatians 6:1 – 2 says, **“Dear brothers and sisters, if another believer is overcome by some sin, you who are godly should gently and humbly help that person back onto the right path. And be careful not to fall into the same temptation yourself. Share each other's burden and in this way obey the law of Christ.”** NLT
- Let them know that watching porn or movies with sexual scenes will corrupt their mind and waste their time.

- *Let them know that they will be tempted to indulge in it, but God will give them grace to resist the temptation if they ask Him for it.*
- *Teach them about the tendency to get addicted to it – that it is difficult to stop watching pornography if they start watching it.*
- *Remind them that anyone who watches porn should never be their friend.*
- *Let them know what masturbation is – an act of deliberate fondling of the genitals to give pleasure to oneself.*
- *Let them know that masturbation is sexual intercourse with oneself.*
- *Teach them that most people who watch pornography end up masturbating.*
- *Please note that children often fondle their genitals for pleasure, but they naturally outgrow this.*
- *But if it persists into adolescent period, it becomes a big problem that may end up damaging them.*
- *Let them know that those who are masturbating and watching porn cannot experience spiritual growth.*
- *Let them know that indulging in masturbation means they will be using their body which is God's temple an instrument for committing sin.*
- *Let them know that they can injure their genitals if they indulge in masturbation and that the girls can break their own hymen and lose their virginity.*

- Teach them that guilt and condemnation are the aftermath of masturbation.
- Emphasize to them the need for sexual purity as it was discussed in Module 2.
- With a sexually pure heart, they will have boldness and strength to stand against the temptation to watch pornography and masturbate.

5.6. Freedom from Pornography and Masturbation

- Reassure those who are already struggling with masturbation that they can be free. Give them hope!
- Let them know that the starting point is for them to remove all the sources of their temptation such as porn videos, nude pictures, romantic novels and magazines, home videos, etcetera.
- Let them know that it is not spiritually healthy to stay too long in the company of the opposite gender especially if it is just the two of them.
- Then, lead them to the point where they are ready to make a turn around to God.
- Proceed further to help them ask God for a sexually pure heart as God has promised.
- Teach them about a relationship with the Holy Spirit.
- The greatest investment you can make in the life of a child is to teach him or her how to walk with, talk with and listen to the Holy Spirit.

- Teach them that the Holy Spirit will usually caution them when they are about to be tempted.
- Then, tell them that the Holy Spirit will be happy anytime they obey.
- Let them know that when they obey, they will experience and enjoy victory in all their temptations.
- Reassure them that they can always talk to you if they have any challenge at all.
- Some of them may flop or fall back into the sin, be quick to help them back on their feet.
- Be patient with them as they grow and understand how to obey the voice of the Holy Spirit.
- Encourage them to always talk to you.
- Please never fall for the temptation to condemn or judge them when they relapse; it is at those period that they need more help.
- Don't be discouraged in case they are relapsing too frequently; remember Satan does not want them to live for God or go to heaven, don't assist him to keep any child away from God.
- Encourage them that their weakness/sin should draw them closer to God, not away from God.
- Let them see and experience the patient and the persevering love of God through you.
- 2Peter 3:9 says “... **God is patient with you, not wanting anyone to perish, but everyone to come to repentance**”. NIV
- Don't give up on any child!

- *They are being faced with much more sexual temptations than you can possibly imagine, show them genuine concern and be empathetic.*
- *Before any of them leaves your presence, hold their hands and pray with and for them.*
- *Let them leave your presence knowing that you are praying for them. They will always come back to you in appreciation.*
- *They will fall in love with you.*

5.7. Dealing with Guilt and Condemnation

- *Remember that if you can help a child or an adolescent to be free from guilt and condemnation due to their past misdeeds or sins, you will see how they will grow spiritually.*
- *Any child or adolescent that is feeling guilty, kindly lead them to confess their sins to God. Don't start recounting their sins to them. Let them confess it to God.*
- *Remind them of God's promise to forgive and cleanse them from all their sins if they will confess it. 1 John 1:9*
- *Let them know that what to do to sin is to confess and forsake it, then God will forgive them.*
- *Let them know that the feelings of guilt and condemnation is from Satan, not from God.*
- *Emphasize to them that the goal of Satan is to keep them away from God. He does this by reminding them their sins and making them doubt the forgiveness of God.*

- Let them know that any feeling that keeps them away from God is from Satan.
- Talk to them about Godly sorrow; this is from God, and it makes them to be remorseful about their sin, to confess it to God and ask for forgiveness. 2Corinthians 7:10
- Teach them that after they have obtained forgiveness from God, Satan will still bring the memory of their past misdeeds to their minds, what they should do is to remind Satan that God has forgiven them and that they are free.
- They should keep doing this until Satan stop reminding them of it.
- Whenever the thoughts come, teach them to be thankful for God's mercy and forgiveness.
- With these, you will be able to help them overcome their guilt.
- Guilt and condemnation are major hindrances to spiritual growth.
- If you can help a child or an adolescent to overcome the problem of guilt, no power of hell can stop them from growing in grace and in the knowledge of Christ.
